

I Russell Steel

citizen of the United States of America

residing at 667 South 420 East, Salem, UT 84653

declare:

That I made and conceived the invention described and claimed in patent application:

Serial Number 10/769,551

filed in the United States of America on 01/30/2004

titled OUT-OF-POSITION FRICTION STIR WELDING OF HIGH MELTING TEMPERATURE ALLOYS

(Check III and/or IV below as appropriate)

That to the best of my (our) knowledge and belief:

☒ I. *(For Inventors Employed by an Organization)* That we made and conceived this invention while employed by MegaDiamond SII. That the invention is related to the work we are employed to perform and was made within the scope of our employment duties; That the invention was made during working hours and with the use of facilities, equipment, materials, funds, information and services of MegaDiamond SII.

Other relevant facts are

☒ III. The Invention was not made or conceived in the course of, or in connection with, or under the terms of any contract, subcontract or arrangement entered into with or for the benefit of the United States Atomic Energy Commission or its successors: Energy Research and Development Administration or the Department of Energy.

- AND/OR -

☒ IV. The invention was not made (conceived or first actually reduced to practice) under nor is there any relationship of the invention to the performance of any work under any contract of the National Aeronautics and Space Administration.

The undersigned inventor declares further that all statements made herein of his or her own knowledge are true and that all statements made on information and belief are believed to be true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

Inventor's Signature: Russell Steel
